REPLY TO RESTRICTION REQUIREMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

In Reply to the Restriction Requirement mailed October 5, 2004, Applicants submit the following remarks:

Restriction Requirement

In the Restriction Requirement, the Examiner grouped pending claims 1-26 into six categories as follows:

Group I, claims 1-13, 17-21 and 25, drawn to biomolecular structures;

Group II, claim 14, drawn to methods of preparing a combinatorial library;

Group III, claim 15, drawn to a method of selecting a molecule;

Group IV, claim 16, drawn to use of a molecule;

Group V, claims 22-24, drawn to DNA; and

Group VI, claim 26 drawn to use in an ex vivo method.

Applicants herein elect, with traverse, the claims of Group I, e.g. claims 1-13, 17-21 and 25 which are drawn to biomolecular structures. Moreover, Applicants reserve the right to file divisional applications on the non-elected claims pursuant to 35 USC §121 and claiming priority to this application under 35 USC §120.

Additionally, Applicants respectfully disagree with the Examiner's classification of claim 24 in Group V which is drawn to DNA. Applicants submit that claim 24 is drawn to "a method

of producing a self-assembled biomolecular structure," and is not drawn to DNA as the Examiner notes in the Restriction Requirement. Therefore, Applicants submit that claim 24 properly belongs in Group I and should be examined with the claims of that group.

Any fees due with this Reply may be charged to Deposit Account **23-1665** under Customer Number **27267**.

If a telephone conference would aid in the continued prosecution of this application, the Examiner is invited and encouraged to contact Applicants' representative at the telephone number listed below.

Respectfully submitted,

Per-Åke Nygren et al.
